## ABOUT MODULAR COLLECTION

Mogogo's flagship collection, the Modular System, allows you to use the same components in various ways to create different configurations of products. Our Modular System Line is composed of our Classic and Creative Ranges, and a large variety of complementary accessories.

Our Classic Range consists of buffet tables and shelves that fit each other seamlessly, functioning as building blocks to the Mogogo System. The classic range is characterized by sleek linear design, adaptable to both traditional and more modern, edgier looks.

Our Creative Range comes with a curved design concept. Our Creative system is patented and offers unique features based on our vast experience in large food service operations.

Our stations are carefully designed maintaining a delicate balance between high functionality, durability, and mobility; all in perfect symbiosis with high design standards, providing an ideal solution for the Food and Beverage industry.

 Classic Range |  Creative Range

## MATERIALS

Joining our Bamboo (1)\* collection is our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. BHP is available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood (2-4), making it easy to match with any event and decor. The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic and easy to clean.

Modular segments come in 2 finishes: brushed stainless steel (5) and brushed brass (6).

Easily cover up parts of your buffet stations with our original quick covers (7). Both durable and easy to clean, they come in 4 different color options allowing you to easily match any of your event color schemes.

For that extra outdoor feel, add a canopy (8) to your buffet station, made from a sturdy Cordura fabric known for its resistance to abrasions, tears, and scuffs.

\* High-Density Bamboo finish only available in North America

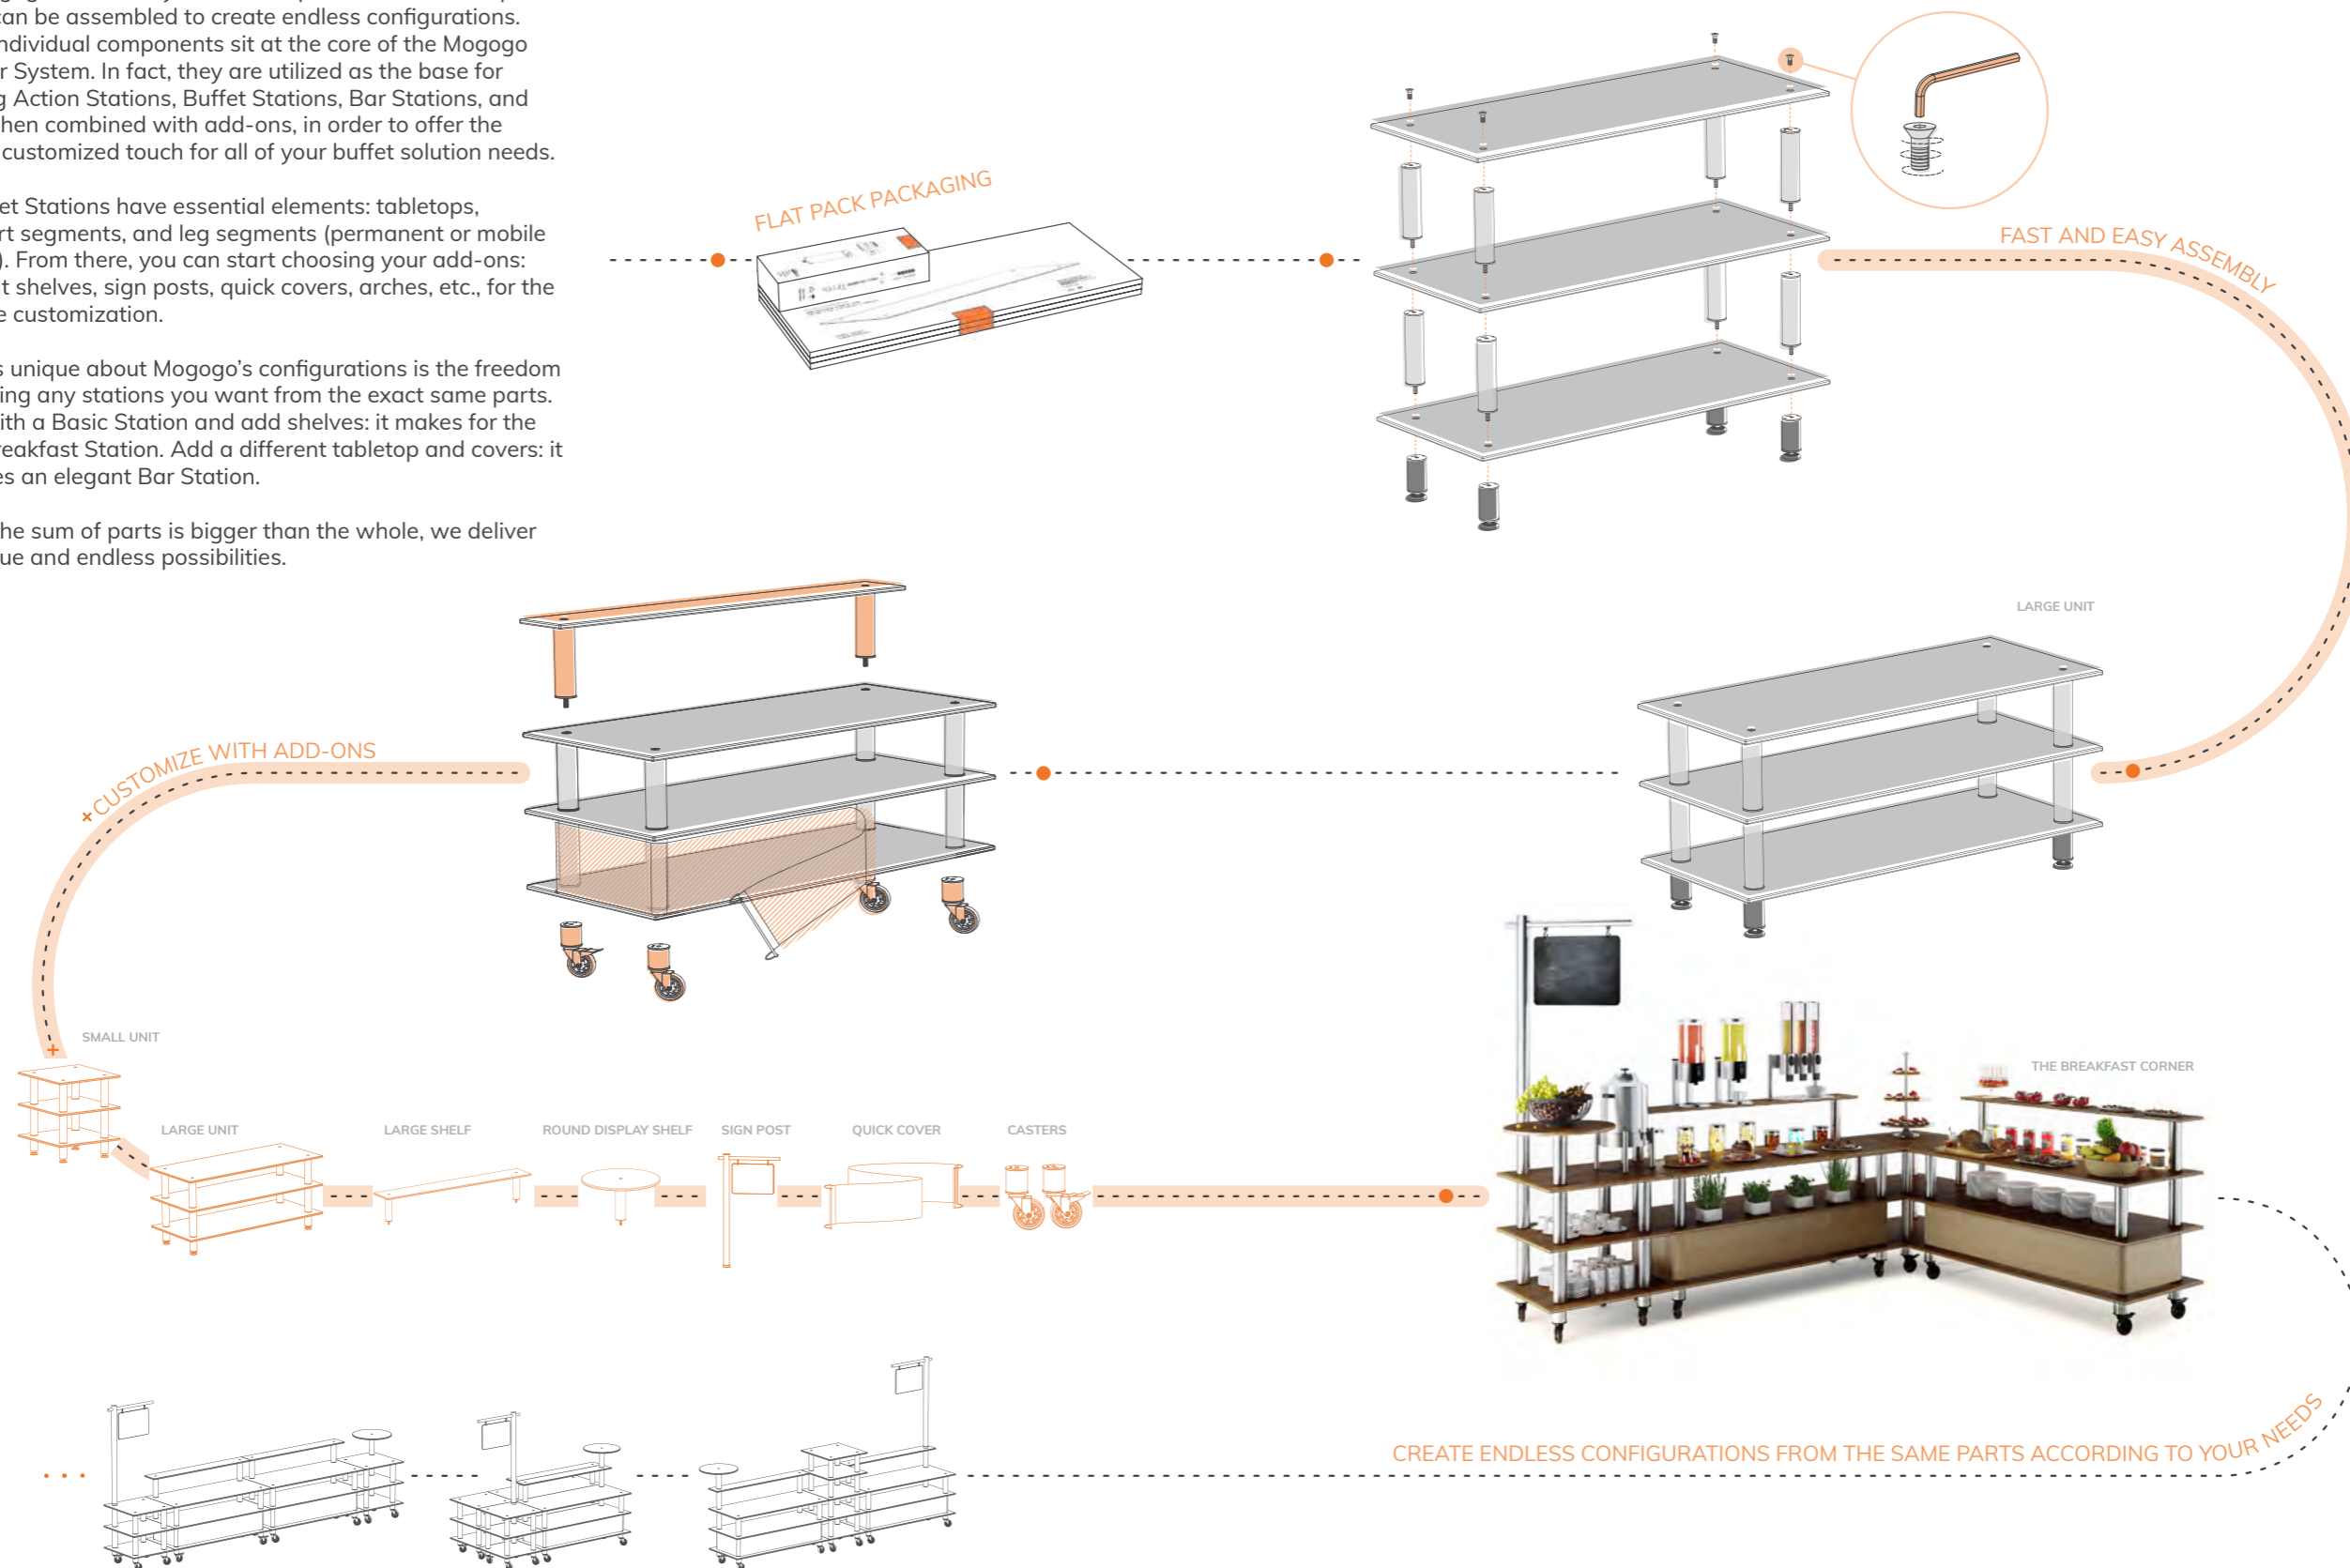

## HOW IT WORKS

The Mogogo Modular System is composed of individual parts, which can be assembled to create endless configurations. These individual components sit at the core of the Mogogo Modular System. In fact, they are utilized as the base for creating Action Stations, Buffet Stations, Bar Stations, and more when combined with add-ons, in order to offer the perfect customized touch for all of your buffet solution needs.

All Buffet Stations have essential elements: tabletops, mid-part segments, and leg segments (permanent or mobile casters). From there, you can start choosing your add-ons: different shelves, sign posts, quick covers, arches, etc., for the ultimate customization.

What is unique about Mogogo's configurations is the freedom of building any stations you want from the exact same parts. Start with a Basic Station and add shelves: it makes for the ideal Breakfast Station. Add a different tabletop and covers: it becomes an elegant Bar Station.

When the sum of parts is bigger than the whole, we deliver on unique and endless possibilities.

MG CMLB10 GBBW (shown with optional quick covers)

MG CMLA06 BSXW (shown with optional quick covers)

Mogogo's unique Modular system allows its stations to be extremely versatile and functional. By adding different elements you can custom fit any event or venue. These add-ons are easy to incorporate and provide edgy looks that will stand out.

## ACTION STATIONS

Guests' fascination with chefs, food preparation, and presentation around the Action Station continues to grow and evolve in events today - it's a great way to add some spice and surprise to your culinary landscape.

Mogogo's Action Stations are designed to enhance the interactive experience of your guests through elegant design, while providing chefs and F&B professionals all the functional elements they are looking for. From an omelet station to a make-it-your-own dish station, Mogogo Action Stations are extremely modular; our ever-expanding line of add-ons and a wide range of tabletops deliver functionality and authenticity.

Cooking in front of the guest entices all their senses - and we believe beautifully crafted furniture is part of the experience.

## MATERIAL GUIDE

(shown with optional Silver-Grey quick covers)

**SMALL S BUFFET** MG CMSB03 GSXW  
 (shown with optional Large Oval high display shelf and Small Oval low display shelf)

## BUFFET STATIONS

As a fundamental functional element to any F&B operation, we believe Buffet Stations no longer need to be hidden under heavy linens nor lifted by the staff.

Mogogo takes an innovative and sustainable approach to Buffet Stations by introducing new design and functionality for linenless F&B Furniture, revealing beautiful clean lines. The presentation of a station is just as important as the quality of food being served and Mogogo offers ideal solutions for Chefs to display their most exquisite dishes. From Classic to Creative, Mogogo Buffet Stations offer a wide range of display and self-service options. Above, add shelves to elevate the dining experience of your guests; below, add our Quick Covers to conceal extra storage space.

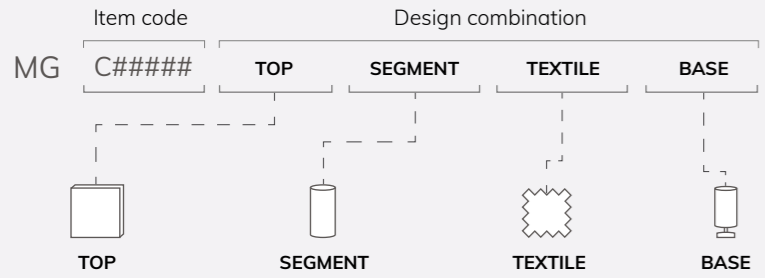

Maximize every corner of your catering space by mixing and matching between our Classic Range and Creative Range to reinvent the experience of self-service in events.

## MATERIAL GUIDE

Customize your Modular Stations by choosing from the different colors and finishes available.

Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

EXAMPLE:

MG CMSB01 **MSXF**

### MULTI HEIGHT DISPLAY STATION

Create unforgettable events with this eye-catching display station, scattered with interchangeable display shelves in different heights. (shown with optional Charcoal-Black quick covers)

MG CMLB08 **MBXF**

### MEDIUM S BUFFET

Avoid hectic buffet lines with Mogogo's Creative S station which gives a smooth crowd flow in any event.

MG CMSB02 **GSXF**

**ALL STAINLESS PRO BAR MG CMLC06 MSXW**  
 (shown with optional Charcoal-Black quick covers)

## BAR STATIONS

Redefine guests' expectations in any F&B operation by elevating their drink and beverage standards. From classic wine bars to mixology & curated cocktails - Bar Stations across your venue are an opportunity to make a statement.

Mogogo's Bar Station Collection features highly adaptable stations that can be used in a wide range of event types and sizes. Easily transportable from one venue to another thanks to their heavy-duty casters, Mogogo Bar Stations combine sleek design and high functionality.

Customize your station with our versatile Add-Ons and quickly conceal bottom shelves for additional storage with our Quick-Covers.

Everything in foodservice, for guests or chefs, is about the experience. Mogogo Bar Stations deliver on the promise of innovative functional design.

 (shown with optional Charcoal-Black quick covers and the Blackboard Collection)

## WARMING AND COOKING STATIONS

The visual appeal of the colors and textures of the food, the aroma as it is prepared, and the sounds of sizzling pans... Cooking and Warming Stations generate excitement, curiosity, and can be a great catalyst for social interaction.

Now, Cooking and Warming Stations are redesigned as one modern and beautifully crafted element to seamlessly blend with your hospitality design standards. Designed as a modular extension to our existing function-based tabletops, Mogogo Cooking and Warming Stations offer your chefs high-functionality, mobility, and add a sense of theater for a special catering experience.

Your guests want creativity and variety. Introduce them to new culinary territories and let them discover new sensations with Mogogo's Cooking and Warming Stations.

## TRANSFER & STORAGE CARTS

Designed for convenience and mobility, Mogogo's utility carts are an integral part of the Modular system as they make storing and assembling the stations an easy task. Whether it is to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.

The carts can store up to five large Classic units or four large Creative units while the orange vinyl coated areas ensure comprehensive tabletop protection.

## SYSTEM BREAKDOWN

Mogogo's Modular System is based on a wide range of individual parts, which can be stacked up & assembled to design a variety of stations.

Our Modular System stems from the simple idea that your F&B Furniture should adapt to your ever-varying needs during different event sizes, types, and themes. It allows you to pick and choose basic elements such as tabletops, leg segments, casters, shelves, and other add-ons.

Endless vertical and horizontal possibilities exist while choosing between our functional tabletops: from classic to cooking, warming and bar tabletops, or picking your material and finishes of choice. Mogogo's Modular System gifts you an ocean of possibilities.

## ABOUT ROLL'N COLLECTION

Tableside Service is considered an exquisite service in the hospitality industry. A smaller unit on wheels with a sleek design is the ideal serving sidekick for your staff in any dining environment. Just like everything designed by Mogogo, the Roll'n Service Cart collection starts with a core element. It's an elegant and functional cart with high-density BHP panels, heavy-duty casters, and a slick leather covered handle for easier and more comfortable navigation. From there, Mogogo's designers developed a series of add-ons that can easily transform your service cart into a cheese serving cart, cocktail cart, and much more.

## MATERIALS

Joining our Bamboo (1)\* collection is our new innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Nero Marquina Marble, Bengali Mango Wood, and Grey Slate (2-4), making it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

Roll'n segments come in 2 finishes: brushed stainless steel (5) and brushed brass (6).

Easily cover up parts of your service carts with our original quick covers (7). Both durable and easy to clean, they come in 4 different color options allowing you to easily match any of your event color schemes.

All service carts come with a hand-stitched leather (8) handle which gives the carts a luxurious look and a comfortable functionality.

\* High-Density Bamboo finish only available in North America

## HOW IT WORKS

Delivered to you in flat packaging with all the needed parts, Roll'n Service Cart is specially designed for easy and fast assembly.

With a multi-purpose cart in mind, Mogogo's Service Cart was developed alongside a series of add-ons which can easily transform your standard service cart into a cheese serving cart, wine cart, cocktail cart, and more for any tableside service occasion. Add or remove Mogogo's add-ons, such as a cutting board, top rail border, wine glass holder, or ice and champagne bucket depending on your specific food service delivery need.

Functionality is key when it comes to the daily challenges of Food & Beverage professionals. For this specific reason, Mogogo's quick-covers are essential to quickly conceal the two lower layers for dishes or additional items you would like to hide from your guests in the most elegant way.

## ABOUT POLO COLLECTION

Mogogo's PoLo Tables are lightweight and extremely versatile, designed using our unique Modular System.

Available in Round, Square, or Oval Tabletop shapes, they offer a wide variety of combinations.

This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station in no time. It provides you with flexibility while also retaining simplicity and style.

## MATERIALS

Joining our Bamboo **(1)\*** collection is our new innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Nero Marquina Marble, Bengali Mango Wood, and Grey Slate, **(2-4)**, making it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

PoLo segments come in 2 finishes: brushed stainless steel **(5)** and brushed brass **(6)**.

\* High-Density Bamboo finish only available in North America

## HOW IT WORKS

Mogogo's PoLo Tables' industrial design is based on the Modular System. Delivered to you in flat packaging, it is easy and fast to assemble and disassemble. Composed of the same individual components (tabletops, leg segments, and mid-part segments) it gives you the flexibility to transform the same coffee table into a bistro table, a bar table, or a display table.

PoLo's cross base and adjustable legs give it stability and the flexibility to adapt your table to any terrain. The clean one pole design makes this table blend easily into any design scheme and event space.

Highly versatile while offering durability and functionality, PoLo Tables enable you to use your creativity. Play with heights, tabletop shapes (round, square, or oval), different finishes, and add shelving layers as needed for additional display.

## COFFEE TABLES

In addition to being lightweight, quickly assembled, and versatile while offering durability, Mogogo Coffee Tables can be placed anywhere in the room, for both decorative and service purposes.

Combined with other available heights and tabletop shape options, you can create interesting visual variations in elevations to further add to your stylish display.

MG CPFS01 MBXX

### OVAL COFFEE TABLE

Ideal oval shaped top that is bigger in size, making it perfect for a lounge or food display.

MG CPFV01 GSXX

**SQUARE BISTRO TABLE** MG CPRS01 WBXX

## **BISTRO TABLES**

The 30" (76 cm) table is the most common height and diameter utilized for dining tables in the hospitality industry. Available in both round and square tabletop shapes, the Mogogo PoLo Tables unique modular system allows to be transformed into a highboy or three-tier dessert station in just a few steps.

Mogogo Bistro Tables are designed for a lightweight, stylish, and clean look, in addition to their flexible and functional properties.

## MATERIAL GUIDE

Customize your PoLo Tables by choosing from the different colors and finishes available. Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

## ABOUT CLIX COLLECTION

Like everything designed by Mogogo, CliX is both functional and beautiful, all while making the lives of our customers a little bit easier. CliX is inspired by the existing strengths of Mogogo's modular buffet furniture while further exploring versatility and adaptability. From these two function-defining parameters came our patent-pending quick-lock mechanism. One click to attach and one twist to detach, CliX delivers a product that is easy to assemble and store.

Available in three different heights as well as three tabletop shapes each with three different finishes, CliX is another part of our quest to produce tools for professionals that combine maximum functionality with a refined design aesthetic.

CliX Tables redefine aesthetic and functional standards in the realm of F&B catering.

## MATERIALS

CliX tops are made of our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood **(1-3)**, CliX makes it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

CliX bases come in 2 modern chic finishes- brushed stainless steel **(4)** and brushed brass **(5)**.

## HOW IT WORKS

Our unique patent-pending quick-lock mechanism and universal base, for the CliX Tables collection, makes it easy to store, assemble, and disassemble: one click to attach and one twist to detach. With a multiplicity of tabletop/base combinations to choose from, CliX Tables provide you with an unprecedented array of display options. CliX Collection offers a variability of tabletop shapes and materials, as well as different base heights and finishes giving you the freedom to create an interesting visual landscape.

CliX Tables are an elegant design solution for any F&B operation. When you combine form and function, it just CliX.

### H30" TABLES

CliX H30 embodies the most popular height for Catering Tables.

Standard in height, but not in design: CLiX H30 instantly elevates the event atmosphere to something quite sophisticated and chic.

Available in round, square, and rectangle tabletops, CliX H30 is an essential piece for any high end or laid back catering events; adding the perfect twist that clicks.

## MATERIAL GUIDE

Customize your CliX Tables by choosing from the different colors and finishes available.

Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

EXAMPLE:

## ABOUT THE V-SHIELD COLLECTION

Mogogo's "Free Standing" V-Shield System was designed for safety, without sacrificing quality and aesthetics.

It can be utilized on most surfaces of any length with adaptive features to turn corners and shield the edges.

The system consists of two different size guards with the option of a full or partially full-length acrylic panel, depending on the specific application.

The V-Shield legs are equipped with magnets, alignment notches and anti-slip pads for additional stability and a clean gap-free appearance.

## MATERIALS

The V-Shield System is made of hygienic and durable materials to ensure it holds up under challenging conditions.

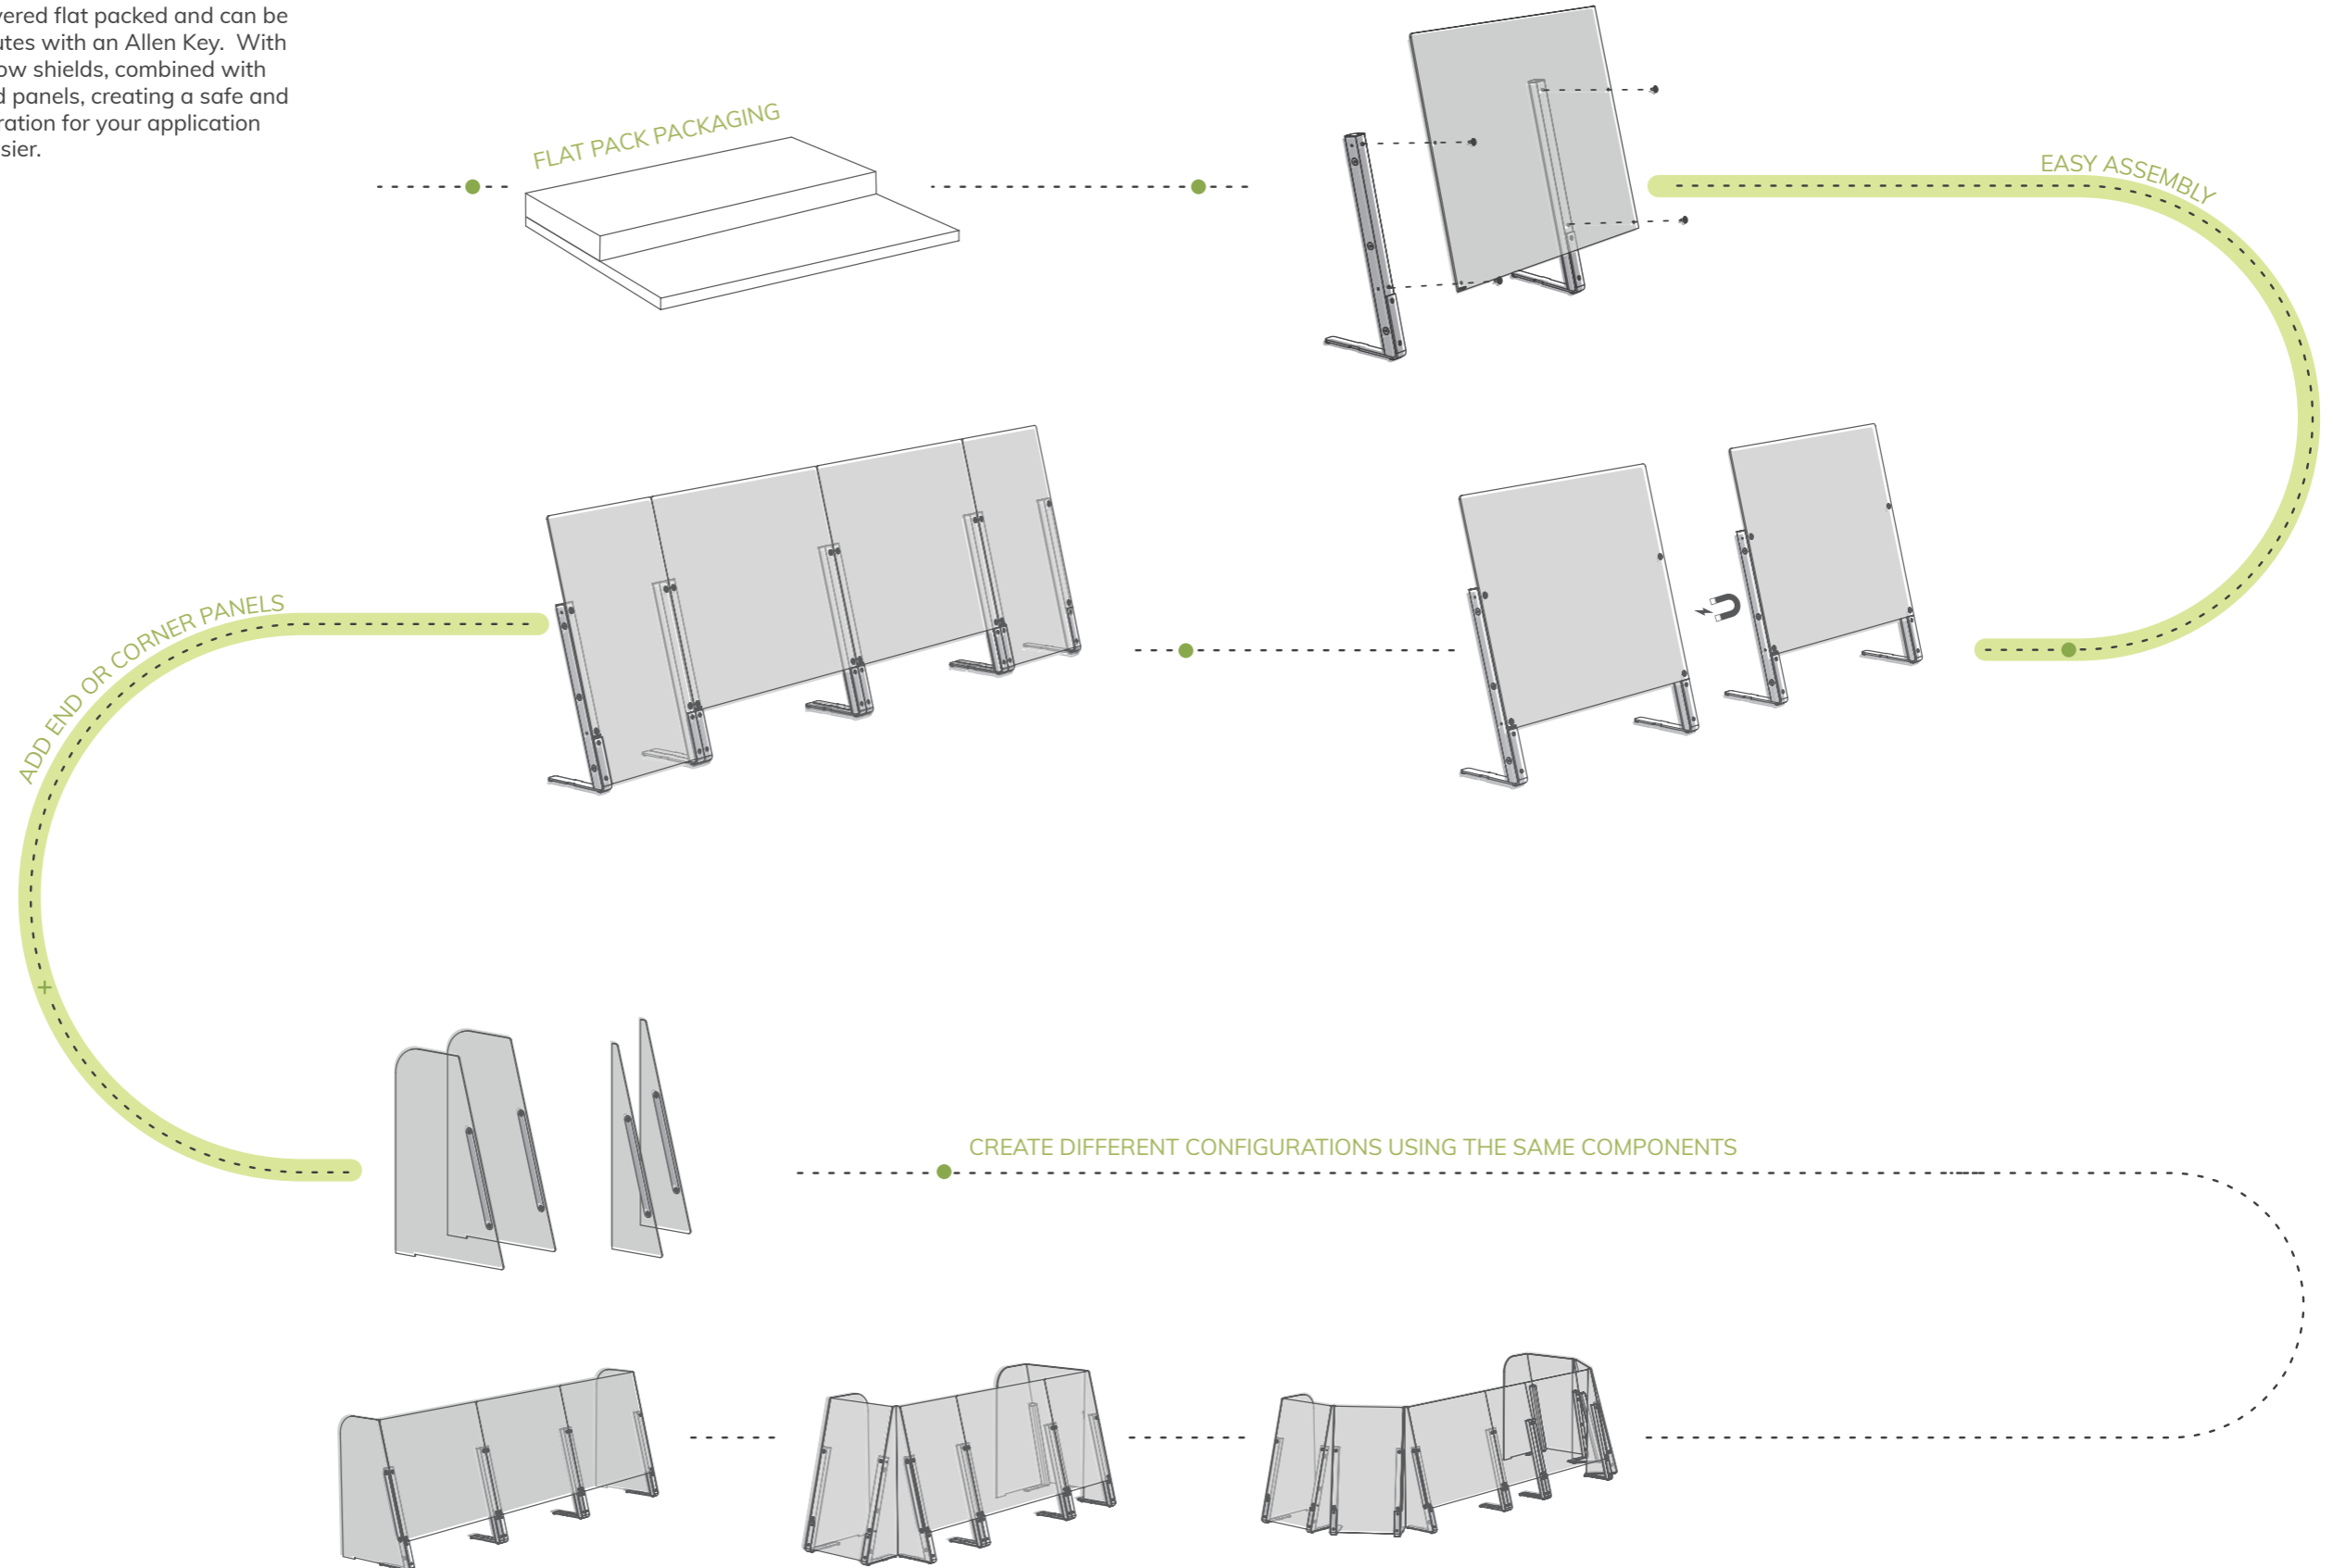

(1) 1/4" (6mm) thick Acrylic Panel

(2) 1/4" (6mm) thick Stainless Steel Base

(3) Tailor-made powder coated aluminum profile uprights.

## HOW IT WORKS

V-Shields are delivered flat packed and can be assembled in minutes with an Allen Key. With the wide and narrow shields, combined with the corner and end panels, creating a safe and functional configuration for your application has never been easier.

## ABOUT THE CANVAS COLLECTION

The Canvas Collection is an innovative shelving system for the hospitality sector, acting as a blank page allowing professionals to accomplish their creative vision. The collection is ideal as a back bar or for showcasing food and beverages and related products.

It combines function with uncluttered aesthetics to create this versatile range of shelving, taking into consideration the unique and challenging requirements of foodservice.

## MATERIALS

The usage of ecological materials is part of a global movement that aims to convey the message that luxury and sustainability go together. The bamboo frame is lightweight and highly structural, joined by decorative metal features to create a fine balance between traditional woodcraft and modern design.

Dark brown stained bamboo | Sandblasted Copper-plated Stainless Steel. DARK LUX

## HOW IT WORKS

Starting with an unfilled Canvas structure then adding selected fixtures, allows creating stations with specific needs, and the ability to seamlessly connect several units offers the flexibility to construct configurations fitting any size or shape of space.

**DETAILS**

BUSSING STATION MGCCAN14NSXW

### SINGLE UNIT - BASIC SHELVES

Organization and accessibility are foundation stones for a functional station. Whether it is used front of house or behind the scenes, several shelves can be set at different heights in a matter of seconds creating a practical and stylish tool. The unit can be covered partially or completely with the use of easy to install screens.

## SINGLE UNIT - MIXED ADD-ONS

Mixing and matching is as simple as ever, and while installing the add-ons is user-friendly, the outcome is sophisticated and versatile. The shelf selection and designated add-ons are intended to offer you the freedom of expression when presenting food and beverage or your decoration of choice.

ROOM DIVIDER MGCCAN08DCXW

### ROOM DIVIDER

This Room Divider creates a sophisticated atmosphere and lining up multiple units can create division and a seamless appearance to any space. The shelf rail allows the dividers to be moved easily while in place to achieve a customized solution for your specific needs.

GRAB AND GO SIGNAGE UNIT MGCCAN03NSXW

### SINGLE UNIT - CRATES AND MORE

This group of configurations is defined by the crates they hold, allowing the operator to store and display most anything they wish. Combined with shelving and signage, they can perform many functions in a variety of locations while offering versatility and beauty.

#### ANGLED SHELF UNIT

The wooden display crates with fresh vegetables, breads, combined with the olive oil bottles, bags of flour and other quality ingredients, are sure to tell your guest that a wonderful dish is on the way. Ultimately, completing the sensory experience that is so essential in hospitality!

- **NATURAL | CASTERS**.....MGCCAN12NSXW
- NATURAL | LEGS.....MGCCAN12NSXF
- DARK-LUX | CASTERS**.....MGCCAN12DCXW
- DARK-LUX | LEGS.....MGCCAN12DCXF

#### GRAB AND GO UNIT

Snacks, fruit and a variety of goods your guests desire to Grab and Go, will be displayed perfectly on this Canvas configuration. The angled shelf will improve visibility and create a complete experience.

- NATURAL | CASTERS.....MGCCAN02NSXW
- NATURAL | LEGS.....MGCCAN02NSXF
- DARK-LUX | CASTERS.....MGCCAN02DCXW
- **DARK-LUX | LEGS**.....MGCCAN02DCXF

#### FARM TO TABLE

What is more appetizing than knowing that what you are about to eat is made from farm fresh ingredients. This Farm to Table Station was developed with this in mind and provides you a variety of display solutions that can effortlessly be customized according to the menu.

**CENTER STAGE DISPLAY** MGCCAN19NSXW  
 (Shown with optional Golden-Brown screens)

**CENTER STAGE DISPLAY**

Whether you're trying to make a statement in the middle of your room or wanting to utilize the space around that awkward pillar, this station will do both. The ability to connect the Canvas shelving units with the corner shelf connectors adds a dimension the traditional buffet furniture lacks and the results can be functional and stunning.

- NATURAL | CASTERS.....MGCCAN19NSXW
- NATURAL | LEGS.....MGCCAN19NSXF
- DARK-LUX | CASTERS.....MGCCAN19DCXW
- DARK-LUX | LEGS.....MGCCAN19DCXF

**MULTI UNIT CONFIGURATIONS**

If your space allows the use of several units, the addition of the unit connectors, straight shelves and corner shelves, is a cost effective way to add additional display space.

In addition, it creates straight or angled structures that act as living walls, allowing you to express your artistic talents.

#### BACK BAR UNIT

A luxurious back bar tells a story and lets your guest know that they have arrived at their destination and will be treated accordingly. Whether they seek a revitalizing cocktail or a glass of wine, the look and feel you create will set the tone.

NATURAL   LEGS	MGCCAN05NSXF
■ DARK-LUX   CASTERS	MGCCAN05DCXW
DARK-LUX   LEGS	MGCCAN05DCXF

#### COFFEE LOUNGE

Double espresso, butter Croissant, and the newspaper of the day! No matter where you wake up, it's a great way to start another busy day. The flexibility of the Canvas Collection can turn your pleasant but hard to utilize space into an attractive area that gives a look and feel of a neighborhood café.

NATURAL   LEGS	MGCCAN07NSXF
DARK-LUX   CASTERS	MGCCAN07DCXW
■ DARK-LUX   LEGS	MGCCAN07DCXF

#### WINE DISPLAY

At the end of the day, a glass of red wine, cheese, and snacks can turn into a worthy memory. This elegant configuration allows for the serving of wine and related foods in a way that is sure to impress. Each unit comes with casters allowing for easy mobility when moving from one event to another.

## SYSTEM BREAKDOWN

Starting with a blank rectangular structure (on casters or legs) acting as an empty page that awaits your ideas and needs to be explored. Our Canvas Shelving System was born from the basic idea that your F&B Furniture should adapt to your ever-varying needs during different functions. It allows you to pick and choose basic elements such as shelves with or without borders, hanging bars, signs, organizers, and more.
