A few words about MyClassStudio

# Authentic Chinaware

## Design

### Design for the daring and the resolute

We know MyGlassStudio is not "normal" dinnerware design.  
It is precisely this that makes it **distinctive**.  
It is not a commodity.

It has all the wrong qualities!  
It is made of glass.  
It is not machine made.  
It is unpretentious, unusual and idiosyncratic.  
It is colorful, vibrant, funky and cool.  
It is not normal!

Moreover, it is not luxurious.  
That's because it is **precious**.  
It is precious because it is Unique and Authentic.

Nevertheless, it will leave a mark in the property.  
It will make a difference in the dining experience.  
It will help create an authentic **Memorable Experience**.

# authenticity

# Beauty of Imperfection

"MyGlassStudio makes me feel warm. How can I explain?  
I can feel the warmth of the personality who created them."  
..

Satoshi Nakata, Raku Raku restaurant, Kyoto, Japan

Everything in nature - the sea, hills, valleys, our body - is curved. We feel comfort with curves. It is a primal shape.

Machines produce the straight line. Machines produce perfection.

Hands produce **beautiful imperfection**.

A "boutique factory" like MyGlassStudio, is a place where people are focused on values like creativity, dedication and sharing.

Our purpose is to plant all around the world the **"Secret Beauty of Imperfection"**: the softness and quality of the Curve.

Make objects to be admired by the feel  
not only by the eyes.

# Boutique Factory

*MyGlassStudio is not a glass factory  
it is a "Boutique Factory."*

Big enough to serve the market globally  
Small enough to adapt to individual customer needs.

MyGlassStudio is a **Boutique Factory** specializing in glass dinnerware for professional use and a leader in the category. We have been serving the hospitality market for more than 20 years now.

Our aim is to create tableware concepts that add value to the offering of a restaurant as well as to conform to professional kitchen requirements:

As a Boutique Factory we work in a "boutique" way:  
We are small enough to adapt to specific environments and big enough to handle our luxury clients professionally and exclusively.

# Boutique

# Instruments for Professionals

If it doesn't work, don't do it.  
We only do Instruments for Professionals.

I have used MyGlassStudio's extensive range in some of the worlds' most demanding volume hotel operations. The online catalogue, personal service and general "easy to deal with" philosophy of Anna and Vasily, makes the difference ... MyGlassStudio is number one in the glass plate category!

Wolfgang Fischer, Executive chef, Emirates Palace, Abu Dhabi

Since the beginning of history, dinnerware belonged to the decorative arts. It was an artefact not a functional white plate. From the majestic brightly colored earthenware of the early Italian Renaissance, through the Chinese hand-painted porcelain all the way to the Victorian classic blue willow china and Art Deco patterned dinnerware, dinnerware was colored and patterned. With MyClassStudio, you can propose 160 Pantone designated colors and for special proposals colors can be adjusted and new color variants can be created. Same with patterns.

## Forms

Contemporary High Rim Forms

High rim plates are the modern nordic interpretation of the coupe design. The contemporary design of the high rim plate is also functional since it has ample space for plating food and it emanates a retro yet minimal feel. This collection was designed by MyClassStudio back in 2006, and since then it has become a standard design for many dinnerware sets all around the world.

Natural Organic Forms

Organic plates originate in the craftsmanship of glass and pottery of small studios and is characterized by the irregular forms and an edge that has a natural look. Organic dinnerware are crafted by hand because hands produce the beautiful imperfection and display the softness and quality of the curve and the artistic roughness of the edge.

Casual Coupe Forms

Coupe shaped plates originate in Asian or Eastern cultures and are characterized by the absence of a rim and a concave edge. It will preform best with food that is served cut into bite sized pieces. Described as a shallow bowl or a deep plate, coupe dishes are unique because they accommodate more than one course on a single dish making it the best serving plate design for casual dining.

Asian Mix & Match Forms

A perfect collection of small plates. A collection that mixes up round with rectangular forms and includes chopstick holders, dipping bowls and large sharing platters and bowls. This Asian style dinnerware collection is perfect for food sharing menus such as tapas or mezze ordered a la carte or shared, and provides variety of shapes for diversified plating styles.

Classic Wide Rim Forms

MyClassStudio wide rim round form dinnerware set, is a classic interpretation of western dining habits. It reinvents timeless simplicity and classic design. Derived from old European metalwork plate shapes, the wide rim plate is now a classic. From the humorous side, wide rim allows for the the Delboout illusion based on which humans overestimate food portions on wide rim plates, an optical illusion of relative size perception.
