ABOUT THE ROLL'N COLLECTION

Service carts have been part of the hospitality industry for decades, a kind of smaller food cart used by restaurants and hotels to deliver or display food with style, while presenting chosen concepts to guests. Now back in fashion they have again become a must in food service.

Like everything designed by Mogogo, the Roll'n Service Cart collection starts with core elements that include elegance, function and durability, and when combined with a selection of add-ons and accessories, it converts into a cheese serving cart, cocktail cart, and much more. Now available with the options of a stainless handle and heavy-duty bumper, it rolls in style at any location.

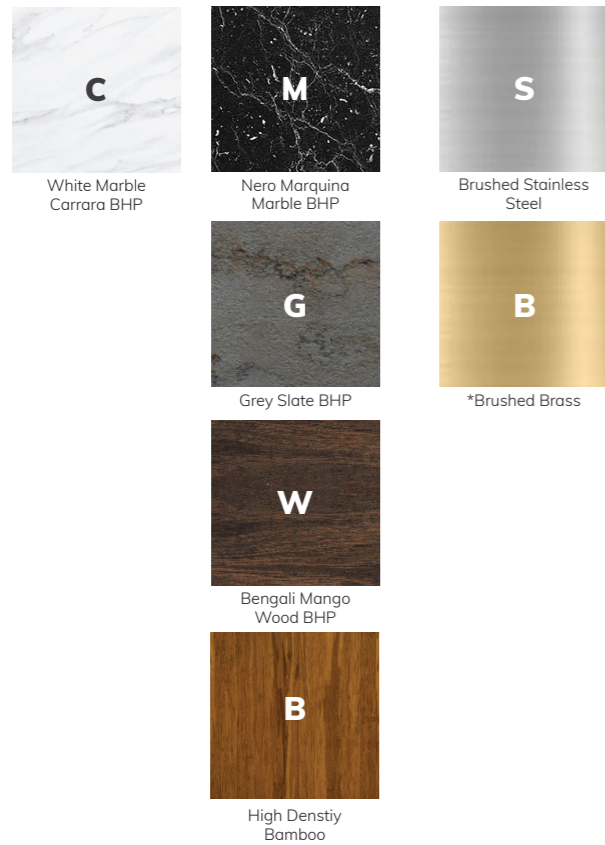

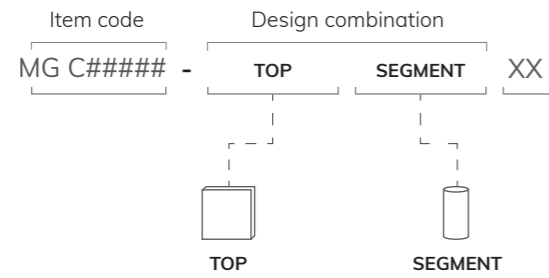

MATERIALS

Joining our Bamboo (1) collection is our innovative BHP material. Style and durability were at the forefront in the selection of materials for the Roll'n collection our innovative BHP shelves, a composed material merging layers of High-Pressure Laminate with a Bamboo core, to create a lighter yet durable panel. These BHP Finishes resemble natural materials such as Nero Marquina Marble, Bengali Mango Wood, Grey Slate and our new addition to the family- White Carrera (2-5). In addition, the Roll'n segments (legs) come in brushed stainless steel (6) and brushed brass (7) finish.

Easily cover the shelves on your cart with our original quick covers (8). Durable and easy to clean, they are available in four color options. You can also choose between the luxurious hand-stitched genuine leather (9) handle, or the very durable and easy to clean stainless steel (6) handle.

MATERIAL GUIDE

Customize your Roll'n Service Carts by choosing from the different colors and finishes available. Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

*Brass finish isn't available in configuration with stainless steel handle.

HOW IT WORKS

Delivered in flat packaging, the Roll'n Service Cart is designed for effortless assembly. With a multi-purpose cart in mind, Mogogo's Service Cart was developed alongside a series of add-ons that can easily transform your standard service cart into a cheese serving cart, wine cart, cocktail cart, and more. Functionality is key when it comes to the daily challenges of Food & Beverage professionals. For this specific reason, Mogogo's quick-covers are essential to quickly conceal the two lower layers for dishes or additional items you would like to hide from your guests in the most elegant way.

DETAILS

SERVICE CART WITH LEATHER HANDLE

Our original Roll'n service cart with the hand-stitched genuine leather handle is iconic, adding sensuality and warmth, and loved by both staff and guests. The basic configuration is slick and can easily transform into a variety of conceptual configurations.
